

Nuway Flameguard

Technical specifications

Nuway flameguard

	Nuway flameguard
Maximum length per module	2500mm
Maximum width per module	750mm
Maximum weight per module	23kg/m ²
Depth	12mm
Scraper bar material	Aluminium
Construction	Closed
Number of wiper strips	1
Total weight (kg/m ²)	17
Max static load (kg/cm ²)	900
Dynamic load (kg) 2 wheels 80mm, 20,000 passes	350
Fire behaviour EN13501-1	Meets LUL standard: ST/Su/S Station/Surface/Supine London Underground Ltd Engineering Standard 2-01001-002 Issue A1
Ramp frame model	ARF 50
Manufacturing method	Entrance flooring system with scraper bars and rubber wiper strips
Wiper designs	Plain
Wiper material	VAMAC Rubber

12mm Single closed
